PARTNER WITH YOUR LOCAL ELECTRIC COOPERATIVE TO RECEIVE FREE BENEFITS FOR YOUR BUSINESS

Why should I participate in the program?

All PPEC members are encouraged to shop at participating businesses through social media, our website, and other communications materials. It's great free advertising for your business.

What are some features of the Co-op Connections program?

The program allows members to see participating businesses through the mobile app, print coupons straight from their phone or computer, and receive deals from national and local businesses.

Where can I find a list of participating businesses?

Visit www.connections.coop to see all of the money saving deals and to shop online. The free mobile app uses GPS to pull nearby discounts. If you join, your business will be listed in both places.

How will customers show their coupon to receive the discount?

PPEC members will show a plastic Co-op Connections card, print a coupon, or redeem the discount on their phone.

Will I receive signage that says I'm a participating member of the program?

Yes, PPEC will provide you with a register sticker or window cling that says "I'm a participating business." We will also help promote your business on our social media and in our monthly magazine.

Why are PPEC members using the program?

Membership has benefits and this free program helps them save money on everyday expenses. From prescription discounts to meal & hotel deals, it's the One Card That Does It All®.

Is there a way to track how often my deal is being used?

PPEC will provide you with reporting for your business so you can track redemptions, manage limited time offers, and more.

Does it cost anything for my business to be a part of the program?

No. This is a member benefit brought to you by PPEC as a part of our Commitment to Community. We believe what's good for the community is good for the co-op!

HELP US HELP YOU!

Over 12,000 members will have access to your deal at no cost to you. It's a win-win for us both. *Together, we can make a small business comeback!*
